

Value Added Benefits

As a ChamberSolutions® participant, you receive special benefits and programs designed to bring even more value to your Anthem HealthKeepers plan. When you select certain Anthem HealthKeepers plans, you are provided these enhancements at no additional cost:

- **Reduced Inpatient Copayment.** Your inpatient copayment is reduced by \$100 each time you are admitted into an in-network hospital. If your benefit plan requires a per day copayment, the first day of an in-network hospital stay is reduced by \$100 dollars; additional inpatient days are subject to your “regular” copayment and per stay maximums.
- **Chiropractic Care Rider.** This no-charge rider provides up to 20 visits annually to an American Specialty Health Network (ASHN) provider. Your copayment is only \$10 per visit for covered services. And, you don’t need a referral from your Primary Care Physician. However, an ASHN contracting provider must provide all covered chiropractic services. A list of participating providers can be found in your Directory of Providers, or you can visit www.anthem.com, or by calling 1-877-327-2746.
- **Hearing Discount Program.** Hearing loss can progress so slowly that many people don’t even realize what they are missing. That’s why it is important to have your hearing tested regularly. As a special service, not a covered benefit, Anthem HealthKeepers has contracted with Beltone to help you save on the cost of hearing screenings and hearing aids. When you visit a Beltone network provider, all you have to do is show your Anthem HealthKeepers identification card to receive:
 - a free hearing screening
 - a 25% discount off the retail price of Beltone’s line of hearing aids
 - a free post-fitting evaluation
 - a one-year warranty

Please note that the discount does not apply to previous hearing aid purchases and cannot be combined with local promotions. To locate a Beltone network provider near you, or for more information, call 1-800-BELTONE or visit their Web site at www.beltone.com.

These hearing products and services are available to you through a discount program and are not considered plan benefits.
