Hearing Discount Program

Hearing loss can progress so slowly, many people don't realize what they are missing. That's why it is important to have your hearing tested regularly. Your plan includes a special service to help you save on the cost of hearing screenings and hearing aids.

Your network

The network you will use to receive your discounts on hearing screenings and hearing aids is Beltone.

To locate a participating Beltone hearing care professional near you, call 1-800-Beltone or visit www.beltone.com.

Hearing screenings

You'll receive a hearing screening at no charge when you show your plan identification card at a participating Beltone hearing care location.

Hearing aids

You'll receive a 25% discount off the retail price of Beltone's complete line of hearing aids (discount does not apply to previous purchases and cannot be combined with local promotions). In addition, you'll receive a free post-fitting evaluation and a one-year warranty.

These hearing products and services are available to you at these savings as part of a discount program. They are not covered by your plan benefits.

*This benefit overview insert is only one piece of your entire enrollment package.
Exclusions are listed in the Evidence of Coverage and member booklet.*
